RE: FOIA Request for Materials Requesting a Non-Waste Fuel Determination relating to materials sourced from municipal solid waste

Dear Sir or Madam:

Pursuant to the Freedom of Information Act, National Corporate Research, Ltd. (NCR) hereby requests one copy of all letters, emails, notes, records, files and/or other materials relating to a request for a non-waste fuel determination by EPA under the non-hazardous secondary materials rule for any material that was originally municipal solid waste. We limit this request to letters, emails, notes, records, files, etc. that EPA has shared with outside parties, including redacted documents or excerpts of documents.

We request that you provide us with accurate copies or a complete and accurate account of the information requested. This is a commercial request. If necessary, or if it will increase expediency, NCR is willing to receive the materials on a rolling basis. We agree to pay all reasonable costs incurred in responding to this request. Please contact NCR, however, at (800)494-5225 or agency@nationalcorp.com if those costs are expected to exceed \$500. Thank you very much for your assistance in this matter.

Sincerely,

Joanna McCall, Assistant Secretary

which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced

file://C:\Documents and Settings\cfcolema\Local Settings\Temp\notes87944B\~web6084.h... 1/10/2014

into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
